

## MALAHINI ORCHID SOCIETY 2009 SHOW ENTRY DIVISIONS

### **A. Cattleya Alliance:** (Hybrids C, L, Lc, Bc, Blc, etc)

- |   |   |
|---|---|
| A1. White or semi-alba                    | A7. Sophro-hybrids, < 8" incl. flower spike |
| A2. Lavender or blue                      | A8. Sophro-hybrids, > 8" tall               |
| A3. Red or orange                         | A9. Cattleya & Laelia species               |
| A4. Yellow, green or bronze               | A10. Other species                          |
| A5. Splash petals or peloric              | A11. Other hybrids                          |
| A6. Epidendrum & Encyclia hybrids/species | A12. First bloom seedling                   |

### **B. Cymbidium:**

- |   |  |
|---|--|
| B1. White or cream standard                         | B8. White or cream Intermediate/Novelty      |
| B2. Pink or rose standard                           | B9. Pink or rose Intermediate/Novelty        |
| B3. Yellow, orange or green standard                | B10. Yellow, orange or green Interm./Novelty |
| B4. Brown, bronze, or red standard                  | B11. Brown, bronze or red Interm./Novelty    |
| B5. Species (excluding Japanese or Chinese)         | B12. Species, chinese or japanese            |
| B6. Spots, stripes or pelorics                      | B13. White, cream or green Miniatures        |
| B7. Primary Hybrid (with 1 or 2 species as parents) | B14. Brown, bronze or red Miniatures         |
|   | B15. First Bloom Seedling                    |

*Any cymbidium flower over 3.5" is arbitrarily a standard for this show.*

*Any cymbidium flower between 1.5" and 3.5" is intermediate/novelty for this show*

*Any cymbidium flower under 1.5" is a miniature for this show.*

### **C. Odontoglossum Alliance:**

- |  |   |
|--|---|
| C1. Equitant Oncidium hybrids & species  | C4. Miltonia/Miltoniopsis hybrids & species |
| C2. All other Oncidium hybrids & species | C5. Multi Generic hybrids                   |
| C3. Odontoglossum hybrids & Species      | C6. All other species                       |
|  | C7. First Bloom seedling                    |

### **D. Paphiopedilum, Phragmipedium Alliance:**

- |  |   |
|--|---|
| D1. Primary hybrids (excluding brachypetalum & parvisepalum hybrids) | D6. Paph. species & hybrids, multiple flowers   |
| D2. Maudiae  | D7. Brachypetalum & parvisepalum hybrids (bellatulum, concolor, godefroyae, delenati, armeniacum, malipoense, etc.) |
| D3. Maudiae type - vini color  | D8. Phrag. hybrids & species  |
| D4. Complex hybrids  | D9. First Bloom Seedling  |
| D5. Paph. species, single and sequential flower                      |   |

### **E. Vandaceous Alliance:**

- |  |   |
|--|---|
| E1. Phal./Doritis/Doritaenopsis hybrid white                           | E7. Phal./Doritis/Doritaenopsis hybrid others |
| E2. Phal./Doritis/Doritaenopsis hybrid pink                            | E8. Phal./Doritis/Doritaenopsis species       |
| E3. Phal./Doritis/Doritaenopsis hybrid yellow and orange               | E9. Ascocenda hybrids                         |
| E4. Phal./Doritis/Doritaenopsis hybrid red                             | E10. Vanda hybrids                            |
| E5. Phal./Doritis/Doritaenopsis hybrid striped, all colors             | E11. Ascocentrum & Vanda species              |
| E6. Phal./Doritis/Doritaenopsis hybrid spots and harlequin, all colors | E12. Other hybrids & intergeneric hybrids     |
|  | E13. Other species                            |
|  | E14. First bloom seedlings                    |

### **F. Dendrobiums:**

- |   |   |
|---|---|
| F1. Phalaenopsis type species & hybrids | F5. Other hybrids < 6" incl. flower spike |
| F2. Antelope type species & hybrids     | F6. Other hybrids > 6" incl. flower spike |
| F3. Nobile type species & hybrids       | F7. Other species < 6" incl. flower spike |
| F4. Australian type species & hybrids   | F8. Other species > 6" incl. flower spike |
|   | F9. First Bloom Seedling                  |

### **G. Other Genera:**

- |  |  |
|--|--|
| G1. Masdevallia - species & hybrids                | G6. Lycaste and Maxillaria species & hybrids |
| G2. Dracula - species & hybrids                    | G7. Zygopetalum species & hybrids            |
| G3. Other Pleurothallid species                    | G8. Other species                            |
| G4. Other Pleurothallid and intergeneric hybrids   | G9. Other hybrids                            |
| G5. Bulbophyllum/Cirropetalum species and hybrids. |  |

### **H. Special Group:**

- |   |                              |
|---|------------------------------|
| H1. Species/hybrids with decorative foliage | H3. 1st time ever exhibitor. |
| H2. Best Fragrance                          |                              |
